

Dear Applicant:

The Arizona Diamondbacks Foundation prioritizes three areas of need in our state — homelessness and low-income housing; indigent health care and youth development. Within youth development, sports and particularly baseball and softball are of significant interest to the foundation. Therefore, the Diamondbacks Foundation has introduced a category of funding specific to youth baseball and softball called the Youth Baseball Fund.

One major aspect of this Fund is the “Diamonds Back” Youth Field program, which builds or renovates a few signature fields each year, with contributions from Diamondbacks players, corporate partners and contractors. But the need for assistance is great throughout the state, and we want to do our part to perpetuate interest and participation in our great game.

Several sources of funding have created the Youth Baseball Fund, including proceeds from an annual exhibition game, Arizona Diamondbacks Training Centers, and grants from the Touch'em All Foundation, and other fund raising activities and contributions.

A panel of the Diamondbacks Foundation Board of Directors, the Executive Director of the Diamondbacks Foundation and the Community Affairs Department will review Grant applications. The number of organizations funded by the Diamondbacks Foundation Youth Baseball fund will depend upon the quantity and quality of grant requests received, as well as the success of fundraising efforts by the Diamondbacks Foundation.

The deadline for the “Diamonds Back” Youth Field Building grant application is December 31 of each calendar year. Grants must be postmarked or received in our offices on or before December 31st. Grants will be awarded prior to March 1 of the next calendar year.

Thank you for considering the Diamondbacks Foundation. We hope we can assist you in your worthwhile endeavors for youth baseball and softball. If you have any questions, you can call me at (602) 462-6594.

Sincerely,

Alison Gabel
Sr. Community Affairs Coordinator

Guidelines for Grant Applicants

- It is preferred that applications are typed. Legibly handwritten applications are also acceptable. Please utilize the allowable space on the following form or an identical format.
- Applications should be mailed to: Arizona Diamondbacks Foundation Youth Baseball Fund, P.O. Box 2095, Phoenix, AZ 85001; Attention Alison Gabel.
- Applications must be exempt under Section 501 (c)(3) of the Internal Revenue Code, or other comparable status.
- Applicants must serve Arizona youth.
- Grants should be for capital or material expenses only, not for land acquisition, design fees, permits, labor or other expenses related to a project. Requests for purposes of debt retirement or operational deficits will not be considered.
- Grants must require the endorsement or participation of the land owner (i.e. Parks and Recreation Department; School District, etc.).
- Grants should cover the majority of the project cost, and not be a donation towards an on-going fundraising effort.
- Grants will be made on a reimbursement basis, or based on qualified estimates, purchase orders with follow-up records of receipts, bills and other expenditures by the grantee.
- Special consideration will be given to matching funds or “sweat equity” effort initiated by the local youth baseball/softball organization.
- Grant recipients, depending on amount, are encouraged to provide acknowledgement of the Youth Baseball Fund through participation in a public dedication ceremony, field naming opportunities, permanent plaques, signage or other sponsor recognition methods.

“Diamonds Back” Youth Field Building Application
